https://www.linkedin.com/in/mkowal2/

Selected Experience

2021 – Present
Technical Lead @ Vector Institute - Lead a team of industry data-scientists to complete a year-long computer vision project on video understanding.

2020 – Present
Scientist in Residence @ NextAI - Technical consultant for AI-based startups. Provided support on the implementation of state-of-the-art deep learning algorithms for various industry applications.

Organizing Chair @ OWCV - Co-founder and organizing chair of the Ontario Workshop on Computer Vision, a student-focused workshop for computer vision researchers in Ontario. OWCV Website.

2018 – Present
Teaching Assistant @ Ryerson University - TA support (e.g., marking, supervised course projects, helped with lectures) for the following classes: Machine Learning×2, Reinforcement Learning, Computer Vision×2, Advanced Algorithms×2, Big Data.

2018 – 2018
Research Assistant @ Baylor University - Assisted in research on relativistic properties of temperature, heat conduction, thermal diffusivity.

2017 – 2018
Mechanical Engineer in Training (EiT) @ Morrison Hershfield - Analysis and design of mechanical systems: controls, electrical, HVAC, hydro, fire protection.

2015 – 2016
Structural Assistant (summer position) @ Morrison Hershfield - Conducted bridge inspections in office and on site. Half-cell testing, coring, and deformation analysis. Soffit, deck, and abutment mapping.

Education

2020 – Present
Ph.D. Computer Science, York University Deep Learning for Video Analysis.
Supervisor: Dr. Kosta G. Derpanis

2018 – 2020
M.Sc. Computer Science, Ryerson University Deep Learning and Computer Vision.
Thesis title: *An Evaluation of Modalities for Action Recognition*.
Supervisors: Dr. Kosta G. Derpanis and Dr. Neil Bruce

2013 – 2017
B.A.Sc. Applied Mathematics and Engineering, Queens University
Capstone title: *Region Tracking in an Image Sequence: Preventing Driver Inattention*.
Awarded Keyser Award for best capstone project in discipline.

Research Publications

Journal Articles

Skills

Coding	Python, Bash, MATLAB, LaTeX.
Library's	PyTorch, NumPy, TensorFlow, PIL, OpenCV, SciPy.
OS	Linux, MacOS, and Windows.
Communication	Strong ability to communicate or present technical concepts in an engaging manner.
Misc.	Academic research, consulting, teaching, tutoring.
Hobbies.	In order of skill: calisthenics, baseball pitcher (4 years on Queen's varsity team), competitive Super Smash Bros. Melee, close up magic, skateboarding, trail running, meditation, rock climbing, birding, gardening.

Awards and Achievements

2021	**Vector Post-Graduate Affiliate (PGA)**, Vector Institute, Toronto ($12,000). Affiliate status for two year term. Accepted.
	York Graduate Scholarship (YGS), York University, Toronto ($3,000). Entrance scholarship. Accepted.
2020	**Ontario Graduate Scholarship (OGS)**, Ryerson University ($15,000). Accepted.
2017	**Keyser Award**, Queen's University ($1,000) - Best capstone project in Applied Mathematics and Engineering discipline. Accepted.
2013	**Queen's Excellence Scholarship**, Queen's University ($8,000). Accepted.
